

Summering av SMS kommunikation mellan Maria Croon och Tony Alagna

SMS från Maria Croon till Tony Alagna 2020-10-09

God morning, to make it easier for you I send the questions here as well;

1. Can you confirm that Meadowlands Race Office received information on Propulsion's nerving and that it also was published.
2. When and by whom was information sent to USTA that Propulsion was nerved?
3. What information was available on the auction in August 2015, and how was this information available on the auction? We have received different information regarding this.

I really do need your answer as soon as possible. Best regards, Maria Croon

1. I can confirm that Proplusions nerving was received and published as I turned it in personally and saw it posted in the racing office.
2. I have no specific timeline as to when the Meadowlands racing office submitted the paperwork they received to the USTA.
3. The sale was held at the Meadowlands race paddock and the list of nerved horses was in plain view in the paddock office as one of the horse owners even commented that they had seen it. It's been so long ago I don't recall if it was announced or not while the horse was in the ring.

Sorry for the delay as the horse sale and racing has been consuming days and nights. Thank you!

Thank you very much! I hope it is alright with a couple of complementary questions;

4. Can you explain what a "plain view" is and where it was placed (accessible for everyone?)
- 5 Just to make it really clear, you confirm that it was noticed on the auction that Propulsion was nerved?
- 6 Is it possible to get name and contact details on the horse owner you refer to?

Again many thanks! Your answer is valuable.
All the best, Maria

4. It was posted in the meadowlands paddock office on a board that lists all nerved horses.

5. No I don't know that it was announced or noticed. It was too long ago to remember what was announced or noticed. I only know that it was posted in the meadowlands race office.

I will get contact info on the owner for you.

Thank you so much!

I haven't been at the auction in Meadowlands so just for my understanding;

6 The race office is close to the paddock where the sale was held and the information was available there at the time for the auction in August 2015.

7 So the information was available there for the bidder if it would been of interest.

Contact details would be great! Thank you! Maria

Yes that's correct. The race office is part of the paddock where the sale was held

Thank you! Just let me know as soon as you have the contact details to the horse owner. Thank you very much again. Have a nice weekend! Maria

Dear Mr Alagna, it is me again . If you could provide me with the name on the horse owner you mentioned it would be great. We can find the contact details.

It was helpful for lur understanding that we got your confirmation that the information (Propulsion is nerved) was posted in the race office of Meadowlands during the time for the auction in Aug 2015.

But we would also like to have contact with the owner you mentioned as well.

Once again many thanks for your patience and support. I hope this is the last time I bother you.

Best regards Maria C
